

Dear Colleagues,

I would like to inform you that the applications for pre-academic admission for the **International Master of Science in Agro- and Environmental Nematology at Ghent University, Belgium** are open. Deadline is **1 January 2017 for online submission**. The application form and procedure can be found here:

<http://www.pinc.ugent.be/index.asp?p=209&a=209>

There are also the following scholarship possibilities:

- **VLIR-UOS scholarships:** please check the website for more information <http://www.vliruos.be/.../requisites-and-criteria-to-get-a-s.../>. Application is via the same application form on our website. Please note that the VLIR-UOS has reduced the number of eligible countries.
- **Tuition fee waivers:** there are also 4 tuition fee waivers foreseen to support self-sponsored students for a total of 2300 € per waiver. This includes the enrollment fee to Ghent University, the Summer Course travel fee of and the registration fee for the BePrep Summer Course.
- **UG master grants:** details are not yet known, but will be published soon on the website: <http://www.ugent.be/en/research/funding/devcoop/master-grants>

In case you know of good candidates, may we kindly ask you to send them the link and motivate them to apply.

In attachment, I am also sending you the poster/flyer of our master programme as well. Please share this information!

Thank you very much

Best wishes

Inge
